The TRUST announces the availability of Grant Funds.

The TRUST wishes to encourage, promote and develop through education and the free market system the stewardship of forest and related natural resources in the private sector.

Therefore, the TRUST will offer modest Grants, up to \$2,000.00, to publicly recognized and qualified organizations whose programs would fulfill the purpose and objective of the TRUST.

Funds may be used to underwrite the development of educational facilities, assist in covering the expenses of conducting educational programs including the expenses of attendees and speakers, develop and conduct human resource surveys, and write and print publications. Such monetary Grants must meet the purposes, objectives and criteria of the TRUST.

The Trustees are giving immediate attention to proposals that:

1. Establish links between non-industrial private forest owners and professional foresters.
2. Involve non-industrial private forest owners and consultant foresters.
3. Provide solutions to environmental problems through the free market system.

Persons or organizations interested in applying for GRANTS should request

Topics for Proposal Consideration

Grant proposals should encourage, promote, and develop – through education – the stewardship of forest and related natural resources in the private sector and through the free market system.

Amount of Awards

The Trustees, based on the budget submitted in the proposals, will determine the maximum amount approved.

Proposals should not exceed \$2,000. Each proposal will be judged on the merit of and potential benefits relative to the estimated cost. Therefore, applicants are encouraged to submit realistic budgets, which are commensurate with the potential benefits of the program.

How to Apply

1. The deadline for application is September 30, 2010 .

2. Applicants should submit one copy of the proposal using the attached format. Please do not use special binders.

3. The proposal should be submitted to: Mr. Harry E. Murphy, Secretary/Treasurer, Bradley/Murphy Forestry and Natural Resources Extension Trust, 3128 Woodhaven Drive, Birmingham, Alabama 35243.

Reporting and Accountability

Upon completion of the project for which a grant has been awarded, the applicants will be required to submit a final report using the attached format. This report will be used by the Trustees to encourage others to adopt similar practices.

1. The report must be submitted by the completion date indicated in the proposal.
2. The report should be submitted to the same address as the proposal application.
3. Copies of purchase invoices and receipts should be included with the final report.
4. Funds not used by the completion date must be returned or an extension must be requested and approved.

Notification to Applicants

All applicants will be informed of the status of their application on or before December 1, 2010 .

BRADLEY/MURPHY FORESTRY AND NATURAL RESOURCES EXTENSION TRUST CRITERIA FOR SELECTION OF GRANT PROPOSALS

Funds may be used to underwrite the development of educational facilities, assist in covering the expenses of conducting educational programs including the expenses of attendees and speakers, develop and conduct human and resource surveys, and write and print publications, etc.

Funds may be used to pay reasonable honorariums, salaries, wages, and awards. If grant funds are used to pay salaries and wages, the organization receiving the grant agrees to comply with all Federal and State laws under the Federal Insurance Compensation Act (Social Security Tax), Federal Unemployment Tax Act (FUTA) and Income Tax Withholding laws (see attached "ideas for grants approved").

Excluded from the uses of funds because of the purposes and objectives of the TRUST are indirect costs. Grants which are approved will not have to be matched by other funds.

The TRUST is interested in funding projects in the South.

The Trustees are giving immediate attention to proposals that:

1. Establish links between non-industrial private forest owners and professional foresters and/or Wildlife Biologist.

2. Involve non-industrial private forest owners and consultant foresters and/or Wildlife Biologist.
3. Provide solutions to environmental problems through the free market system.

Proposals will be further evaluated based on the following criteria:

1. How well the proposal addresses stewardship of forest and related natural resources of the private sector and promotes the free market system.
2. The benefits of the proposed project relative to the estimated costs.
3. The quality of the evaluation plan.
4. The availability of existing materials, support, etc. to implement the project.
5. The potential for the project to be continued after the initial grant funding ends.
6. The potential for the project to be adapted for use by other groups.
7. The potential for the project to attract additional funding.
8. The overall quality of the proposal.
9. Whether or not there are other potential sources of funds for the proposal.
